Remember Pearl Harbor !

You shall know the Truth and the Truth shall make you free from the Usurers who planned and carried out the Pearl Harbor attack with the help of the U. S. General Staff and sacrificed needlessly human lives on Bataan, Iwo Jima, Normandy, etc.

FDR did. and all high politicians in the Democratic, Republican and Communist parties are working against the Republic to reduce this nation to the level of British subjects who, also, are becoming Soviet puppets.

Red Revolution in Hollywood

Reds Control San Diego City Schoolboard

'Peaceful' Picketting at Burbank Studios

Two important signs that tell which way the wind is blowing expose the Commies' program of revolution and control. One is the jurisdictional dispute between two AFL unions at Warner Bros. studios in Burbank, California, the other is the denial of the use of Roosevelt junior high school auditorium to Gerald L. K. Smith by the San Diego city schoolboard.

At Burbank Set Decorators Local 1421, AFL, became involved in a dispute with Local 44 of the International Alliance of Theatrical Stage Employes (IATSE) also AFL, for jurisdiction over 78 men employed at Warner Bros. Other unions joined the strike, machinists, building service employes, carpenters, plumbers, office workers, publicists, cartoonists, story analysts, electricians, etc. Result: Regular street battles between massed pickets blocking entrance to studios and men wanting to go to work. Nearly a hundred casualties.

Squads of police were lent to Burbank authorities by neighboring cities, including Los Angeles and Sheriff Eugene Biscailuz had his deputies on hand. Goons from the strikers, armed with black jacks, lengths of pipe. chains, etc., patroled the neighborhood, beating up any "suspicious" person with the police doing nothing to prevent such "patrols". To top it all the Commies showed their hand openly for lo and behold, **a brigade from the Abraham Lincoln battalion composed of American Red Volunteers who fought in the Spanish civil war against Franco, and other veterans units, joined the strikers.**

The fiction of peaceful picketting is abandoned and nobody is doing anything about it.

These riots and battles of Hollywood filmland demonstrate in detail how the Commies plan to stage civil war and bring up their veteran troops who fought in Spain and elsewhere while American authorities are too corrupt to take effective action.

TIMID SAN DIEGO SCHOOL BOARD

That the Commies know their way about is demonstrated by what happened in San Diego when William Burness, of San Diego, area manager of the Payroll Guarantee association, popularly known as the "Ham and Eggs" movement, appeared before the City Schoolboard asking permission to use the Roosevelt school auditorium for a meeting to be addressed by Gerald L. K. Smith, follower of the late Huey Long.

The school board is so thoroughly ignorant it swallowed the charge that Smith is one of the defendants under indictment for "sedition". This false charge was made repeatedly by speakers for the CIO group **and the 22nd district of the American Legion,** represented by Byron K. Burnett. For the information of Mr. Burnett may we state that this charge is a barefaced lie for which they can be sued for criminal libel. But the school board got frightened by this charge as well as by threats of the CIO Commies promising mob violence and damage to school building to deny Smith the right to speak in a public school.

The board should have informed the police and sheriff's office of the threats and reported the names of those who threatened to destroy public property; they are the unAmerican criminals, not Gerald Smith.

We all know who the Ham and Eggers are. They are a bunch of deluded morons who imagine that because International Bankers succeeded to bamboozle the world into submission to their piratical banking system, which was also adopted by the USA in violation of the Constitution, by bribing the morons in Congress, the Ham and Eggers could duplicate the system and produce prosperity for the old folks and give jobs to the young. Hitler tried it with disastrous results, because two wrongs don't make a right. Huey Long tried it and Gerald Smith is a similar racketeer. But that is not unAmerican as long as the federal government collects "social security" taxes which are donated to the British, the Russians and the Chinese in lend-lease to produce "prosperity". **It is very much an American disease,** the result of the stupid instruction in our public schools on economics. The truth of economics is "debatable" according to our scholastic nincompoops, like Superintendent Will C. Crawford.

As long as our schools are run by ignoramuses, men like the speakers for the Commies will dominate the picture. Smith is an inocous person, a mild racketeer compared to Samuel I. Rosenmann and Ben Cohen or Felix Frankfurter. The war racket is the most deadly racket, but with all the education handed in public schools it produces no remedy for war. No wonder the murderers run the country and the Commies are the most ruthless of them all. Smith was excluded because he is anti-Communist and the school board is sucker enough to become the Commies' catspaw in San Diego.

Sheriff Finally Takes Action

SACRAMENTO,—Gov. Warren expressed the belief city and county authorities "can and will maintain order" in the Warner Brothers studio film strike at Burbank.

Warren had been requested by State Sen. Jack B. Tenney to investigate the disturbances in the studio strike.

'RED' PLOT CHARGED

Tenney claimed that the studio strike was "Communist-led" and declared in his wire to the governor that "this jurisdictional strike is spearhead of long-range Communist strategy to control motion picture industry as potent medium of propaganda."

Warren pointed out that state Atty. General Robert W. Kenny has investigators at the strike scene and is not alarmed over the situation. (Kenny is a Newdeal Red).

LOS ANGELES,—Mass picketing at Warner Brother's movie studio, which had resulted in injuries to more than 100 persons, suddenly collapsed when 200 armed sheriff's deputies herded 350 to 400 unresisting pickets into the studio and arrested them on charges of unlawful assembly.

Smith Denied Use of Building

(From The San Diego Tribune)

Gerald L. K. Smith, America First leader, was denied use of Roosevelt Junior High School auditorium for two speeches, Oct., 28 and Nov. 4. The city school board's decision was unanimous.

Involved in a conference in the city schools administration building were city school board members, leaders of the district American Legion, the C. I. O. council, the San Diego Communist party and the Payroll Guarantee association, representing Smith.

Smith, it was stated, still is under indictment for un-American activities and his talks here might precipitate riots which would result in damage to school property, it was charged.

AMERICAN LEGION PROTESTS

Byron K. Burnett, acting as chairman for a delegation from the 22nd district of the American Legion, asked the board to halt the appearance of Smith. He was accompanied by Carl L. Sherwood, and Edgar B. Hervey, of the American Legion; R. J. Morkowsky, president of the San Diego C. I. O. council, and George Lohr, chairman of the San Diego Communist party

Preceding the verbal fireworks, Dr. Will C. Crawford, superintendent of schools, read a resolution from the American Legion, requesting use of the Roosevelt auditorium be denied Smith.

SCHOOL CIVIC CENTER

"I'm sure nobody on this board is a disciple of Smith or cares for the principles he stands for," Crawford said. "But the fact remains that each school is a civic center and as such, any group of citizens may meet there."

Authority to deny use of the building would be possible because of violence which might result from Smith's talk, said Dr. Ralph C. Daillard, schools business manager.

William Burness, of San Diego area manager of the Payroll Guarantee association, said: "My organization represents the old people of the community and the legislation we are seeking to get through is the most progressive in the country."

Edgar B. Hervey Denies Union Tribune Report

Walking up Broadway this reporter met Attorney Edgar B. Hervey. "Say, Mr. Hervey, for your information I wish to state that Gerald Smith is not under indictment for un-American activities. I notice that you joined hands with the Commies to defeat free speech in San Diego in an appearance before the school board."

"What are you talking about? Are you referring to the schoolboard meeting to which I was asked to go, but did not go?"

"I am referring to the news items in both the Union and the Tribune which state that you went there as a representative of the American Legion and protested the use of the Roosevelt auditorium by Smith on the grounds that he is under indictment".

"But, Mr. de Aryan, I had nothing to do with it. At 3 o'clock, Tuesday I worked in my office. I had been approached by a member of the Legion to go with them, but did not go. Being under indictment would not disqualify Smith in my view. Many a good man has been under indictment who was innocent."

"The two papers reported, though, that you went and that you joined in with the CIO, the Commies and American Legion in **threatening violence, mob riots and destruction of the school building if Smith were allowed to speak."**

"In that case I am glad I did not go because I don't care to be associated with mob violence. I believe in the American right of free speech. I'll look up the reports and see what they said about me. Thanks for calling my attention to it."

SHERIFF THREATENS TO ARREST ALL

LOS ANGELES,Oct., 11,—Up to 20,000 Lockheed aircraft workers last night prepared to move at dawn into the picket lines at Warner Brothers Studio—bloody battle front of the bitter juridiction studio strike.

"If they do, every one of them will be subject to immediate arrest!" warned Sheriff Eugene Biscailuz, as he in his turn moved to meet the situation.

Late yesterday it was officially announced that a peace officers' "army" of 500 men will assemble at 4.30 a. m., at the Warner studio, to deal with the thousands of Lockheed pickets. The "army" will be made up of police from Los Angeles, Glendale, Burbank and from the Sheriff's office, 120 men and 30 women deputies.

Call-out of the Lockheed men to picket the studio was the strike bosses 'answer' to yesterday morning's swift action by peace authorities—when they arrested 326 men and women for violation of the anti-mass-picketing injunction issued by the courts last week.

The Lockheed call-out was first announced early yesterday by Studio Strike Boss Herb Sorrell. Later corroboration came from Tom McNett, president of Areonautical Machinist' District Lodge 727 of the A. F. of L. Machinist' Union, which has 20,000 members.

NO LOCKHEED ROW

"We are joining the picket line," he said, "to prevent unjustified beatings of members by Warner's police when they appear as peaceful pickets. We are NOT closing the Lockheed plant. We have no dispute with Lockheed."

Looking For Evidence

WASHINGTON,—Referring to the three so-called sedition indictments, Atty. Gen Clark is reliably reported as saying about Sept. 15 that they are now looking for evidence in the pigeon holes and archives of Germany. If none is forth coming the indictments will be dismissed "within thirty days."

Can you imagine a responsible person making such an absurd and damaging admission?

Here are three indictments—one in its fourth year, one rounding out its third and one nearing the end of the second. And no evidence! How interesting!

An abortive trial lasted eight months—literally tons of documents. And no evidence! How fantastic!

And now they're looking for something in the trash heaps of Europe. How childish!

What did they show the jury upon which to base an indictment? Clearly by their own admission, it was not evidence. Then what was it? What could it have been but moonshine and folderol? Stage setting for a big hurrah—an auto da fe.

And what kind of Grand Jury was it that voted indictments without evidence? And what kind of prosecutor that sought indictments without evidence? Surely there must have been corruption and chicanery somewhere.

And what has something discovered in Europe to do with these age-old indictments?

These indictments should have been dismissed long, long ago. They should never have been brought.

Let them keep on looking for evidence if they wish. If they find some, let them reindict. That would be no trouble for the highly paid staff of the Department of Justice. They ought to welcome a new big whoo de do.

And now comes President Truman with a gratuitous defense of the Jews in Germany and elsewhere based on lies that have been told him. That goes a long way toward confirming the widespread belief that these indictments were not for "sedition", but because some of the defendants discussed the Jewish question in a frank, open and revealing manner.

Yes, there is plenty of evidence at to that. But that's not criminal, except in the eyes of the Jews.

Oh what a foul tragic blot on our American system of jurisprudence! Oh what a tragic farce! What speciousness! What chicanery!

No evidence! Shame on you!

Use of Traffic Fines in Pension Fund Protested

SAN DIEGO,—Protest against the city charter provision that fines collected from traffic violators go into the police pension fund was voiced at a city council meeting by Elmer Hartman, a frequent council visitor.

He said that he had heard frequent criticism of traffic enforcement here, but was cut short by Councilman Ernest J. Boud, who informed him that San Diego "leads all cities of its size in the nation in the number of traffic deaths."

Boud was asking at the time for an appropriation of $840 to finance a safe driving educational program to be sponsored by the citizen's advisory committee on traffic safety and by the police department. He said that already the committee's activities were showing results.

"There were 12 traffic deaths in August and only three in September," he said.

To place fines into the Police Pension Fund is to invite a racket by arresting people to milk them for the fund.

News and Comment

"We need no prophet to tell us that the poor we shall always have with us, so long as all laws are of, by and for those who live on the labor of others."

Were there but one man in the world, he could claim the wealth of all the world, yet he would possess only such wealth as he could gain by his own effort. It is doubtful if fruits would drop off directly into his mouth. It is only when some man gains power to conscript the labor of others that he can be called wealthy.

The few gained power to conscript labor of others in several ways. The first was probably the club method.

Then a few set up the pretense that some deity had given them a "divine right" to the earth. All those who merely did honest work for a living must pay tribute to the "divine right" crew for a place to live, for land on which to grow their food.

The racketeers grew rich very fast after this. They could bribe many of the people to become mouthpieces or gunmen to uphold their claims. Times grew bad for those who provided the food, clothing and shelter by real toil. They were mere underlings, or slaves, while the racketeers became "lords", "ladies", or "kings".

The racketeers employed other means, in addition to the "divine right" racket. They assumed control of the medium of exchange, thus able to demand tribute on every piece of money put in circulation.

Loaning the medium of exchange into circulation, at interest, they at certain periods would call in all loans. Since only the principal had been put out, the great majority, naturally, could not pay. They had to forfeit the homes, farms, or shops that they had given as security. But there are yet other means of acquiring wealth without toil. — — J. C. C.

Elliott Roosevelt will be required to pay income tax on the $200,000 he borrowed from John Hartford, head of the A. & P. chain stores.

'Unlawful' Assembly In Queens Village

From this distance ye editor cannot correctly itemise the incidents which took place on Saturday at the outfoors meeting, Queens Village, L. I., N. Y., when the Christian Front held a rally. From private sources and news reports we deduce that it was a privileged rally under the Bill of Rights and to that extent everything is well and good.

But several speakers were arrested by Isidore Ginsberg, commander of New York Department Jewish War Veterans of America, as a result of distribution and sale of a book by Arnold S. Leese: JEWISH RITUAL MURDER.

Years ago, when the Silvershirts in San Diego spread this ritual murder story and other stories to that effect,The Broom immediately stepped in to the defense of local San Diego Jews who were to be made the scapegoat for crimes they never committed. If the ritual murder stories are true, they are specific incidents like any other crime committed by chronic sadists or temporarily dearanged individuals. Such things do happen, as Abraham also is recorded to have offered to murder his son Isac as a ritual sacrifice.

Nevertheless, we don't consider the Jews in our country responsibile for such perversion of religion. As a historic fact one cannot deny the Talmudic story of Abraham and Isac, but as a practical proposition we don't consider it equitable to use it as a basis for Jew baiting unless it can be connected up with present-day ritualistic practices, locally.

We are sorry to notice that Kurt Mertig gave semblance of approval to dissemination of stories which we definitely consider inflamatory. We arose in San Diego to the defense of Jews against such methods of stirring up blood-feuds and we do it now again. Mr. Mertig has great responsibilities as a leader of German-American citizens, or better said, Americans of German lineage and stock, than to jeopardize his integrity by giving aid and comfort to unreasonable, plain Jew baiting. It is time that we all sober up and deal with realities and our obligations to Truth and Faith.

Heel-Clicking In Peace time

From THE DATE PALM, Indio, Calif.)

The vast military oligarchy, built up under the experiences of war, is going to die hard. Those who would like to Prussianize America ride again. The heel-clicking idea, in peacetime, fights to live as the dove of peace perches on the Banner of the Republic.

Hershey, head of the draft business, is going right ahead pulling men out of civilian production and dressing them up in uniforms where overalls formerly were the every-day garb. Says he won't quit. And he won't, unless Congress grabs him by the seat of the pants and throws him clear across the Potomac.

Advocates of a great standing army of millions have been heartened and made bold by the endorsement of President Truman, which attitude upon his part came as a complete surprise to the country as a whole that has viewed his initial acts with unfeigned approval.

What forces we need to temporarily police part of Germany, and hold Japan in check for a decade will be comparatively small, and the necessary military forces can be obtained, easily, by voluntary induction.

We have had enough of war. We have had enough of disruption of our domestic life by the long arm of draft boards reaching into the sanctity of the home and snatching away the son, the father, to fight battles in foreign lands. These men have done the job. They have met the enemy and vanquished him. They want a respite from killing, from heel-clicking, saluting and being told to do this and do that "and not to reason why". These men, born and reared under liberty, will not consent nor allow peace-time draft to start here in the New World.

Congress already hears the rumble of discontent induced by even a suggestion of such a thing. Congress does hear, and has taken heed of the laymen's opinion of Hershey, who, to save a great authority and a public job, would continue to tear up the homes and make hundreds of thousands of the youth of America but pawns of an officered military element who cannot let loose of a life they have found to be particularly remunerative and fascinating, and under non-combat duty, about as easy an existence as one could ever hope to enjoy at public expense.

The President has made a mistake. His first real clash with Congress begins. He will lose. America is still a republic. It is not naturally a military nation. It fights when driven to it. But it loves peace. It loves the domestic life. It loves independence. Its own people want to be free to come and go as they please; to be able to quit their jobs if they don't like them. Quitting the Army, if dissatisfied, does not work. They want no compulsory service when the guns have ceased firing and the foe has disappeared over the Hill of Hate, and the Brotherhood of Man has returned to the earth to stay a little while at least in this weary and chastised World.

Who Started The War ?

If a census could be taken of every woman, and child in this country, it would be a revelation to learn who started the war.

Generally the children did not want it. They cried when their fathers and older brothers were taken form them and marched off to shoot at other sons and fathers and to be shot at.

Certainly the women did not wish a war. Their wounds were even deeper and more painful, as their hearts were broken and their home circles shattered, and the mothers shuddered to see their sons marched away, many never to return; the wives and sweethearts of the young men dreaded the threatened loss of their loved ones, and all our women's hearts were broken at the call of war.

Certainly the normal-minded men did not want war. They realized that it meant for them separation from their loved ones, losses of their business connections, not to mention their perils, hardships, suffering and dangers of death every hour they were away from home.

Years ago Henry Ford published a series of editorials in his magazine in which he proved there exists an international syndicate of theistic schemers whose chief business is to promote war—for their own financial profit. Wars, they said, created world-wide necessities for large sums of money, for loans at exorbitant usury rates of interest, and traffic in war materials at sky high prices.

The world should wake up to the fiendish scheme of such scoundrels who promote heartbreaks by wholesale and murder in mass production, to fill their greedy purses.

It requires years and ages to construct nations—a fiend can light the inflamator torch of suspicion and hate between nations—which will destroy these nations in a brief period of conflict.

War—and the professional makers of war—should be outlawed forever by a Christian civilization. —Yellow Jacket.

Bilbo's Private Home Picketted

Hon. Members of the Senate Committee on the District of Columbia

Dear Senator:

Nation-wide publicity is being given to successive news items to the effect that the residence if Senator Theodore C. Bilbo of Mississippi is being continuously picketed as an alleged means of expressing public disapproval of that senator's policies in general, and, in particular of his expressed disapproval of what he considers to be an undue influence exercised in American politics by persons of Jewish connections.

In view of the well recognized fact that every movement of public reform has been penetrated by Jewish persons determined to capture key positions that will enable them to use such movements for the furthering of Jewish objectives that may or may not be visible to the general public, it would appear to be consistent with sound public policy to look into personnel of these bands of pickets who are paying such close attention to Senator Bilbo, and discover, whether or no a majority of these pickets are of Jewish origin, or are operating under Jewish pay.

So long as our various States are carrying on under their own separate government (planning their activities from their own respective point of view, under the doctrine and policy of State's rights, as set down in the Constitution of the United States) it would appear that this singling out of some particular senator for adverse nation-wide publicity might be a precedent by which, one by one, every public man of positive views (and men of positive views are the men we need in public life in these troublous times) might be seriously interfered with in the performing of his duty to the State which sent him to Washington as the bearer of its particular contribution to the legislative activities of our national government; and, since such interference manifestly runs counter to the established doctrine of State's rights, it is further evident that the allowing of such interference by the **peace officers and authorities of the District of Columbia** might unfortunately, but nonetheless readily, be interpreted by public men in the various States as an indication that the authorities of the District of Columbia had temporarily forgotten the position of trust which they hold as presumably impartial keepers of the peace and maintainers of constitutional principles on the streets of our nation's capital.

We know that such an act of forgetfulness would be very far from the loyal intention which dominated your Honorable Body; and we therefore respectfully suggest that you look into this matter with a viem to preventing such beginning of such a policy of interference which is indicated by this obvious endeavor to embarrass Senator Bilbo in the expressing of his views, and to estop him from what he very probably conceives to be the performance of a duty not only to his own state but to the Nation at large.

If it should really happen that Senator Bilbo's views and activities are in reality opposed to that promoting of the General Welfare, which is set down in the opening paragraph of our Constitution as the condition and purpose of our States coming together to act in unison as a Federal government, there are certainly methods provided for in our Constitution by which the senator can be more legitimately checked in what these pickets (and the wire-pullers behind them) apparently consider to be a career so wild that it justifies them in the adopting of methods that are still wilder and still more drastically opposed to sound public policy.

We know that it only is necessary to call your attention to the adverse effect what this picketing of Senator Bilbo's Washington residence is tending to exert upon outside public opinion regarding Washington's way of doing things, to have you look into the matter promptly and do whatever may appear to your more informed judgment to be just and proper in the premises.

Respectfully submitted,

Shall We Destroy the White Race ?

My Dear Mr. de Aryan:

Enclosed you will find my check for which please enter a one year subscription to THE BROOM for Mr. D. — —. Also send me 20 copies of the August 6 issue. The balance please keep yor your work in putting out such an excellent Christian paper.

Your letter to David on the colored boy & the YWCA was well thought out and stated. We Christians are only too willing to permit other races and creeds to go their various ways undisturbed and unfettered. But are certain members of a certain race willing to grant that right to we Christians? They are not! Every hour of every day.... every day of the week, and even Sunday they are blasting at us by the radio and press just how we should change our very lives and adopt their amalgamation ideas.

This certain race has radical leaders who somehow control radio, the movies, and our daily press. By way of these three instruments they pour forth day and night sickening drivel designed to corrupt our young people... kill their pride... and convince them that black is white. They believe that they ARE succeeding... and alas, they have convinced some, like David, that DEMOCRACY means the mixing of the races...which means, of course, the ultimate destruction of OURS.

THE DESTRUCTION OF THE WHITE RACE MEANS THE END OF CIVILIZATION AS WE KNOW IT! Civilization depends on the maintainance of the family unit. Maintainance of the family depends on the preservation of women beautiful enough for men to want to keep and protect ONE CERTAIN ONE! It may be a sad, but it is a true fact that the colored peoples of the world do not rever their women. The men make their women do the hard work, and any time a colored man wants to take a younger one for his wife, he simply discards his old one. The Chinese may have as many wives as he wants, and until a few years ago the women bound their feet to keep them like a child's.

In India humans breed worse than animals. Romance is unknown, and for good reason, for the women are no more desirable than any other female animal. One doesn't make love to a cow. The Japanese are no better, for they sell their daughters to any buyer, and men and women bathe in common pools. The lack of beauty in the female skin and hair explains this casual mixing of sexes. Only white women have to be covered up. Colored women, covered or uncovered, do NOT bother white men.

Some people will point to the colored people here among us, and hold them out as an example of living contradictions of the above. It is easy to explain how this works. WE have laws, and besides, we set the example and frown on savage behavior. Just let OUR race disappear, and see how quick this land of ours would return to the neolithic age. Multiplicity of wives would be the first step backward, and the disappearance of all decency and honor would be the final step to savagery.

The loud and noisy leaders of this certain race which is out to destroy us are almost in every case nearly black themselves. Does this explain their strange and otherwise unexplainable drive to make everybody colored? Is it jealousy of blue eyes, blonde hair, and pink skin? If we can EVER get OUR people to realize what these communists stand for we WILL BE SAVED!

OUR boys, who belong to unions, must be told that communism stands for the destruction of the white race. They must be told that Democracy does NOT stand for social equality for anybody. They must be told that Democracy, as we understand it, merely means that no one is to interfere in the affairs of another without legal right. It means that all have equal protection of the law, but none are permitted to molest others. Surely OUR forefathers would not fight to establish a country and a government, and write into the laws a provision for the certain destruction of their descendants. Social equality here would certainly accomplish that disastrous end .

All these hundreds of years the white people have been grand. They have not taught their young ones in the schools that mixing with the colored would destroy our race, and hence civilization itself. They have been too magnanimous for that. But now things have taken a dangerous turn. OUR children are being taught false doctrines, and it is up to us to strike back fast and furious. We've simply got to say things we NEVER would have said if we had not been threatened with annihilation., These people refuse to believe that the half-awake Aryan tiger will be a terror the like of which man has never witnessed if he is further prodded into action. Let them BEWARE!

Sincerely yours,—IRA CALVIN WHITE

Reconversion

When bugles sound their final notes
And bombs explode no more
And we return to what we did
Before we went to war,
The sudden shift of status
On the ladder of success,
Will make worthy gentelmen
Feel like an awful mess.

Just think of some poor captain
Minus all his silver bars
Standing up behind some counter
Selling peanuts and cigars!
And to think of the majors
When their oak leaf's far behind
And the uniform they're wearing
Is the Western Union kind.

Shed a tear for some poor colonel
If he doesn't feel himself;
Jerking sodas isn't easy
When your eagle's on the shelf.
'Tis a bitter pill to swallow,
'Tis a matter of despair;
Being messengers and clerks again
Is a mighty cross to bear.

So be kind to the working people
That you meet where're you go,
For the guy who's washing dishes
May have been your C. O. —Labor.

Dear Mr. de Aryan:

Enclosed please find check $6.50 for 1 year subscription. I don't want you to lose any money, as I read a few copies, given to me by a friend of mine, and I in turn told them to pass them on only to true Americans. Hoping your paper will soon have an excellent circulation, I am very truly yours,— Wm. C. H.

General De Gaulle of France came to America for just one reason—to get more money. Money-man Lord Keynes of Great Britain is here now for the same reason. He represented the British government when we were talked into the Lend Lease program. The Lend Lease Bill was originally written by Felix Frankfurter.

We are about to donate 20 or 30 battleships to China, now the ally of Stalin. If ever we have trouble with Russia, we will be bombed by planes we manufactured, shot by guns made in America, and fired on by battleships donated by us.

CHAPTER IV.

There was a great commotion in the Temple at the time the soldiers emerged from their hiding places, and men and women, not knowing the real cause of the trouble, rushed in a frenzy for a place of safety. The combat between the soldiers and those who attempted to protect their little ones from harm lasted but a short time, but the result was terrible and fatal to many innocent children, and much blood was shed before the Temple gate.

Father Eliye, who suspected a surprise upon Zacharias, arrived too late to save the venerable priest, but appeared upon the scene just in time to save little Yeouan from the fate planned for him by the jealousy of priestcraft.

In their excitement and determination to carry out the bidding of the priests, the soldiers cut right and left and ran in every direction in pursuit of the holy child of Zacharias, tearing children from the arms of their parents or guardians in the hope of securing the object of their search. They were instructed to kill every child present, if needs be, to make sure that the one sought had been destroyed.

King Herod was rather surprised at the unexpected turn of affairs, and the assassination of Zacharias was very unwelcome as it was thru him Herod hoped Father Eliye would discover valuable information of the new movement which seemed to threaten the safety of his throne.

Because soldiers engaged in the bloody fray at the Temple, public sentiment was eagerly directed against Herod and he was held responsible for the lives of the children murdered in cold blood. Steps taken by the government for an investigation proved the affair rather complicated, and to avoid further trouble it was thot best to drop all proceeding, thus leaving the minds of the people more or less in the dark..

Great excitement of a more serious nature was brewing which detracted public attention from the Temple tragedy, and only those directly concerned in the affair kept it fresh in their memory, elaborating upon it in many ways and laying the blame for it all on the King whose real position was only that of a child of circumstances, compelled to serve two causes to maintain his position and standing. He was in the hands of priestcraft, and at their mercy on one hand while being the victim of wire-pullers on the other. Could he and would he dare to tell the truth? Silence was his only safeguard, and he was even glad to accept assistance from the priests who endeavored to turn the attention of the people from the bloody tragedy by casting all the blame upon Zacharias who could no longer raise his voice against the abomination of Zion's hills.

That little Yeouan was no longer safe in the vicinity of the great city Eliye doubted not. A place eastward of the Jordan, far from habitation, barren in vegetation, separated from all civilization, surrounded by a stretch of desert country, proved to be the only abode of safety for Elizabeth and her child. Under cover of night they fled eastward and many were the hardships Elizabeth endured. On and on they pressed their way over mountain and plain and over desert places to a locality seldom sought by man, excepting those weary of the duplicity of mankind and disgusted with the social system of the day, seeking a place of solitude. Here undisturbed and away from the suggestions of their fellowbeings, unmolested by prince or priest, they could serve their time awaiting in contemplation of thot a better and brighter day for their country.

Eliye knew too well that there was no time to lose so took advantage of the excitement to take the child beyond the reach of its enemies. The path pursued seemed by no means a strange one to Eliye, for whenever a stop was made the little party was met by kindly people who seemed to understand the situation without asking questions as to how or why.

Under the stress of excitement and the terrible blow to her mind by the loss of her consort, Elizabeth seemed to bear up heroically, but when again settled her mind would frequently revert to past events.. Not only had she to flee from her home and country and remain separate from her acquaintances and her people, but even occasional visits to the Temple would be denied her, and as an exile and an outcast was she to spend her days at an age that demanded care and attention rather than sacrifice. Besides, the one whom she had loved and cherished for more than forty years, the only friend upon whom she had ever leaned, was no longer to be near her. She could not look upon his face for the last time to bid him a loving long farewell on his journey to the great beyond.

Altho attached to her child and lavishing upon him all the tender care of a loving mother, Elizabeth could not find solace for her deeply wounded heart. Before Yeouan had learned to recite the commandments and the first chapter of Genesis, in addition to his morning and evening prayers, Elizabeth followed her husband to the land from whence no traveler has ever returned .

After the death of Elizabeth, Eliye-Eli brought little Yeouan to Eli-Aleh, where the Order of Hermits of the Communion of the Select reared him in accordance with the regulations of their order and under the supervision of their recognized master, Father Eliye.

Father Eliye remained in the service of King Herod, for he still had an object in view, which if not to win was at least to stay the hands of the King from actions detrimental to his own position as well as dangerous to the operations of the Order of the Select. It was due to the wise counsel of Eliye, the mysterious, that Herod remained in favor with Rome and was spared from uncalled for attacks from the priestcraft who were constantly undermining Herod's plans and inaugurating means of the most ingenious trickery to effect his downfall. But however well-laid their plans, Eliye's mission was to ferret out their intentions and keep Herod posted that he might check the designs of the intriguers.

No wonder the priests hated Herod and set the people against him. He was more than a match for them, however, and the priests and their colleagues were alarmed to see all their plans scattered like chaff before the wind; yet they were unable to find the source from whence Herod learned even their most profound secret plans.

The priests became divided among themselves, one faction accusing the other of treason, each mistrusting the other in its designs. It was only due to such condition of affairs that Herod remained secure, because the priests feared the unseen power behind his throne which guarded his fate and stayed their hands from war and bloodshed.

The tactics used by Eliye were the most ingenious and showed much due consideration and foresight in his calculations. He had not sought his position with the government, which held such responsibility, merely for personal gain. The conditions of the times, mingled with poetic and other ideas and plans, threw him into the position which he would have otherwise declined. But once engaged there seemed no reasonable way out of it without arousing suspicion and curiosity. He was not a man to avenge himself, for had this been his design it could have been done time and again. One word from his lips and the death of Zacharias would have been avenged, but he understood the law of retribution too well to interfere. He also knew that any step in this direction would not only compromise himself but might disclose plans detrimental to his own policy. He felt that he had a work to do, the accomplishment of which required caution, prudence and perseverence. He believed himself an instrument in the hands of time and was thus prompted to carry out the biddings of his own soul.

Should We Keep the Commandments?

Re: German Americans vs. Fifth and Sixth Commandments.

Dear Sir:

We, a group of American friends of non-German ancestry have finished reading the Broom Vol., XVI., No. 1, 9|24|45, in which we noted especially an article by Else Moeller. Consensus of opinion is that we vote this lady an outstanding example of what American Citizens of German Origin should be. She has expressed most fittingly what many honest and truth loving non-German American citizens are saying and thinking. We have been shocked and amazed at the Germans in this country, how they have indulged in blood money at the expense of their own relatives, parents, sisters and brothers, etc., in Germany. How could they send their sons to fight and kill their own parents! ! SHAME ON THEM!!! Do we respect people like that ? **NEVER.** That time is over. We have respected the German Americans for what we thought they had, truth, honor, loyalty and courage. The Fifth and Sixth Commandment does not seem to mean much to them, although they profess to be Christians. We are observing with disgust the nonchalant attitude of those people frequenting bar rooms, night clubs & other places of amusement. It brings on a nostalgia to us. Instead those money drunk and power crazy people should be doing something constructive to help their relatives in Germany, a country to us, that represents a grand old culture and one which has been so ruthlessly destroyed. They should demand, and many are in a position to do so, from this United States of America Government that the mail service to Germany be opened up immediately—**NEVER IN HISTORY** has a nation and a people been so cruelly treated and so much false propanganda turned out against them Thanks to the New Dealers! Now that the war is over, we all want something done about this matter.

Remember German-Americans the eyes of the world are upon you. Those of you who support the Internationals will be lined up along with them. The time is coming when, if you don't right about face, will find your clique in a worse mess than Europeans.

Reflecting on what Justin Martyr, the martyred Greek Father of the church said:

"The Jews, today the braintrusters of the New Deal, were behind all the persecutions of Christians. They wandered through the country everywhere hating and undermining Christian faith."

Christian German-Americans beware! !

Yours truly,— CHRIS SMITH.

Ye Editor's Life and Problems

Life, as originally planned, in Creative Thought, by the Master, is so perfect there is no task confronting us but the means are within reach, within our powers to do justice to the job. This we must remember whenever it appears that the problems outdistance our powers. In that case we don't try to solve the problems. We leave the solution to God, **but we attend minutely to all details to the best of our ability.** In such faith lies the power of solving the problem and with the details attended to promptly, the miracle happens: We did our part and that solves the problem automatically. Only where fear interferes with our doing our part, the problem remains unsolved; complications get worse **because we failed** in doing all in our power.

Ye editor is also a private individual. A male man, 59, with human problems, as we all have. And ye editor is a public person with duties, powers, obligations, privileges.

For a long time we have neglected even the human body to attend foremost to the duties of producing a newspaper that gives the news and exposes the criminals who rule the world by treachery and brutal force. The USA is as bad as Europe and Asia. The world-wide exploiters have hypnotized the moronic masses into believing in false ideals, into perverting reason into following Judas goats to the slaughter & skinning pens. They even skin us alive. Slave labor is becoming a common incident even in this nation. Excuses are made for breaking the Constitution: emergency! Yes, **emergence of the criminal mind** to domination over the masses of mediocre, thoughtless sheep and cattle in human bodies. They drive the human cattle and entrain them to the slaughter houses, or fields, or oceans. "Patriotism"!

Having withstood the pressure of the criminal rulers during the war crisis and told the Truth into their teeth, regardless of personal consequences, now we must repair the damage to our body and person if we are to survive. Ye editor must have a home, a mate, a place of rest and refuge, of refreshment for new tasks. We actually are a veteran, shell shocked, crippled, but we kept on the firing line.

Our correspondence is 6 weeks behind. Letters are piled up unanswered. Some people paid for subscriptions and never got the paper. Please write again, those who read their friend's papers and failed to get their own. And be patient with your editor. Be sure and give your postal zone numbers. Inspect address labels, where zone numbers don't appear write in so we get the correct address.

Our circulation has trebled in the last 3 months which places terrific burdens on me. Each paper is sold at a loss. Must have help. In a proper commercial set-up would have 2 helpers to keep things up-to-date. At present several ladies have volunteered and help week-ends otherwise I'd be stuck. They fold and wrap papers. Aside from that I have enough work for 2 and 3 men which I must do.

But I must regain my health and bouyancy. Since all my strength is spiritual and by obeying Principle, against expediency, I succeed to keep the paper going; now I need refreshment. For public divine services I am limited to the Los Angeles Temple since there are no other meetings, that means travel.

Being a Leo, I am lost without a home and a mate. As this paper must keep growing and as I need personal care, have made up my mind to establish a home again and am acourting.

So between personal needs, public duties and the exigencies of both, you folks have also obligations. The Broom is national in scope. We must wrest control from the exploiters and usurpers and run our own country and affairs as a true Republic. To be able to do my work I must have a home and my mate. So my personal and private life is the foundation of the success the public person can achieve, just as the nation is rooted in the home and family. Only a healthy, wholesome individual can be of public service. Only healthy, wholesome family life produces, collectively, a healthy, wholesome nation. The two are interwoven. By attending to the little things properly, daily, the big things take care of themselves.

When you remember how much money and labor you gave to produce this 500 billion war-slaughter-super-drama with Hollywood propaganda to serve Satan, you'll realize how damnably little you are doing to give of yourself and your time, labor and goods for a better world.

Russians Take Korea Tonic, But Not For Health

STEAL $120,000,000 IN GINSENG ROOTS

SONGDO, Korea,—During the week long occupancy of this city just outside the boundary of the American zone in Korea, Russian troops looted a bank of 8,026,000 yen and took 60,000 pounds of ginseng root, a popular tonic in the orient, valued at 1,972,558,174 yen (almost $12,000,000), a Korean resident said. At prewar exchange rates the yen was worth about 24 cents and is now valued at 6 and two thirds cents.

A Korean teacher at a school here said that on their last night in Songdo some of the approximately 30 troops who lived here for a week went to the home of the head of a Japanese owned bank, a man named Kim, forced him to go to the bank an dopened the vaults. He said the troops cleaned the bank of currency valued even at the present exchange at over $500,000.

RETURN TO OWN ZONE

Then the troops left, crossing back into their occupation zone.

Ginseng normally was one of Korea's main exports. The Songdo region is one of the main ginseng production areas. Some of the roots in the warehouses here had been accumulated over the last six years because of shipping restrictions.

ASKS CONGRESS ACT TO DECLARE END OF THE WAR

WASHINGTON, D. C.,—Rep. Bennett (R. Mo.) called for quick action on legislation to designate end of hostilities.

Bennett wrote Chairman Sumner (D., Tex.) of the house judiciary committee urging prompt consideration of similar measures introduced by the Missourian and by Rep. Boren (D., Oakl.)

Passage of such legislation, Bennett told a reporter, would put an end to "stalling by government officials" on army discharges because men were drafted for the duration of the war and six months.

President Truman in his recent message to Congress said "the time has not yet arrived" for such a proclamation.

O'Donnell On Patton And The Camarilla

By WASHINGTON ADAMS

WASHINGTON (Special), October 8,—John O'Donnell, fearless fighter and brilliant Washington columnist for the Patterson papers here and in New York, dared to publish something about the Jewish camarilla on October 3rd; and Gentile Washington is wondering what sort of fate will be his, when the "Anti-Defamation League" of the Jewish B'nai B'rith begins to explode its atom bombs in retaliation.

Not that any honest reply can be made to O'Donnell, because he made no attack, but published only facts about the world-shaking story behind the "push-down" of one of America's finest and greatest army leaders, Gen. George S. Patton.

Mr. O'Donnell's story in the Washington "Times Herald" and the New York "Daily News" opened as follows:

"Behind the successful drive to disgrace and remove Gen. George S. Patton from his Army command in occupied Germany is the secret and astoundingly effective might of this republic's foreign-born political leaders—such as Justice of the Supreme Court Felix Frankfurter, of Vienna, White House Administrative assistant Dave (Devious Dave) Niles alias Neyhus and the Latvian ex-rabinnical student now known as Sidney Hillman."

Then followed a hot paragraph in the first edition of the "Times-Herald" but removed from later editions and the N. Y. "Daily News", as follows:

"An honest birth record, spelling out the names of the paternal grandparents of this triumvirate would be interesting, even if the educated Christian American couldn't read it."

The object of the foregoing suppressed paragraph seems to have been to buttress the O'Donnell contention that the "triumvirate" behind the scenes in Washington are of close "foreign" extraction, and to the American people it is interesting to study the family history of the people who rule us.

The O'Donnell article goes on to show how Gen. Patton got in "dutch" with the aforesaid "foreign minded" trio, on account of the face-slapping incident, in Sicily more than two years ago.

It was reported to the camarilla, it is alleged, that Gen. Patton slapped a soldier, suffering from "battle-fatigue" in Sicily, called him "yellow-bellied" and linked him up with his "Jewish" background.

"Neurologists in the medical corps on the scene" later told O'Donnel that "this was the proper treatment"—to make the faltering soldier get back into the lines.

"Then the fat was in the fire," writes O'Donnell. "Secretary of the Treasury Morgenthau and Associate Justice Frankfurter bellowed in the White House to FDR that the important issue was that Patton used the word 'Jew' in reprimanding the reluctant warrior ('after all, what are we fighting this war for anyway, Mr. President?') and the various breast-beaters, world-savers and payroll patriots, safe in their Washington foxholes, howled for the dismissal of old Blood and Guts."

But Patton made such a great record in conquering our Axis enemies that the camarilla bided his time until Gen. Patton began to show some sense and Christianity in directing the government of conquered Bavaria.

Patton made the mistake of saying that the party line-up in Germany under Hitler was somewhat like the political fights in America, and he was interested in seeing Bavaria ruled efficiently rather than along partisan lines. THIS WAS TOO MUCH FOR THE ADVOCATES OF HATE AND REVENGE, such as Morgenthau, and THEY SHOWED THEIR WASHINGTON POWER BY HAVING PATTON "PUSHED DOWN."

Before O'Donnell published his article, all the American Reds and the entire Jewish press were ferocious in their attacks on Patton. The Jewish daily N. Y. "Day" said "Patton is out, but Pattonism remains."

C. Leon de Aryan:

I feel I may be permitted to write to you since you wrote me a thank you note for sub. Anyway tho I understand that gesture—you have no real reason to thank me. If the paper fails to arrive—I will holler because it is helpful to point out certain thoughts which I need.

Yours is a difficult task and no doubt worthy of your requirements. I would like to be of help and hope to have the way opened to do it. Constructive individuals as efforts, cannot be frustrated for long if cause is not deviated from, we agree. Some of us sense the higher aspect and strive to arrive to a fulfillment. It is our incentive to struggle and sacrifice. The perplexity of a confused understanding of Life slowly unveils and we are grateful for your contribution. I somewhat envy your ability in your mission. I feel so utterly barren since I have not developed sufficiently to constructively contribute to the Great Cause also. We of the lesser strata greatly depend on you and your kind to help us to see, and understand. Our faculties are yet dull and need activation.

A great day is about to be born. It is due that all souls of like affinities should congregate that they might amalgamate their efforts for greater fulfillment. Colonies are the answer where right life and co-operation could be practiced—and greater proportion of the errors of this present world could be eliminated. The time is ripe. A meeting should be called for all people so aspiring to congregate and provide a working solution. This may not be the proper function of your paper but I am suggesting it hoping that it might be.

I enclosed a small portion of Caesar's treasure, $10, that might aid in the idea—anyway use it yourself if you need it and if not it may in some way help the sustainance of the paper. Use it as best need requires.

Yours sincerely,— — P. G.

Dewey Appoints Jew Medalie To N. Y. Court of Appeals

Rewards His "Maker" and Benefactor—Medalie A Synthetic Republican (New Dealer At Heart)—Tom Clark Comes to Town

NEW YORK (Special), October 1,—Tom Dewey, New York's little governor, in his first big appointment opportunity, named George Z. Medalie the man who brought Dewey into the limelight 14 years ago, to the State Court of Appeals.

The great State of New York has some gifted superior court judges, who were and are deserving of such promotion, but to a small-bore politician like Dewey, private friendship outweighs the public good.

The principles of "Republicanism" weigh as ligthly on Medalie as they do on Dewey.

Medalie admitted in a radio interview that he joined the Republican party because he saw but little difference between the parties, but that his admiration of President Theodore Roosevelt was the deciding factor.

If Medalie took any active part in campaigning for the G. O. P. since he left the U. S. District Attorney's office some 13 years ago, few New Yorkers know anything about it. He was known to be a great admirer of FDR, and if he spoke for Dewey last year, the papers never gave him a puff.

But, as District Attorney under President Hoover, he made Tom Dewey one of his assistants and assigned him to some sensational cases, prohibition and otherwise, and doubtless indoctrinated him in the rabid Pro- Semitism and Pro-Negroism that are Dewey characteristics.

During the FEPC fight, Medalie emerged from his obscurity to speak on the radio, advocating "social equality" and the intermingling of the white and negroid races so as to eliminate prejudice.

Medalie's job as appeals judge will be $25,000 salary and expenses which is more than he would have received on the Supreme Court of the U. S., to which Dewey would probably have appointed him if Tommy had won the Presidency. (Medalie takes the place of Justice Lehman, deceased, also a Jew.)

TOM CLARK VISITS N. Y.

A distinguished visitor in New York last week was the new U. S. Attorney General, Tom C. Clark, who gave up a $50,000 a year law practice in Texas to take a $5,006 a year job in the Justice Department, prior to his present job.

Mr. Clark made a rattling good informal speech before the Commerce and Industry Association of New York, Inc. **He brought along, he said, "a good speech, prepared for me by the boys down in Washington."** But he chose to omit it, and to speak "informally."

(It seems that the "boys down in Washington" not only write the speeches of the President, but also those of his cabinet members).

Gen. Clark's most remarkable statement was the following: **"The department will not make persecutors out of prosecutors... While there will be a strict enforcement of the anti-trust laws, THERE WILL BE NO WITCH-HUNTING AND NO PERSECUTION."**

Patriotic Americans hope that this noble promise will also apply to ALL CASES—especially the so-called "sedition" persecutions—and NOT just to anti-trust laws.

The underground reports that Gen. Clark was approached by the witch-hunting "Anti-Defamation League" of the Jewish B'nai B'rith, with pleas for persecution of the 29 Anti-Communists in the Washington "Moscow" trial.

Dear Mr. de Aryan:

Kindly print the following in The Broom, Monday's (Oct. 1st) newspapers told us:

21,000 Jews at a big rally in Madison Square Garden, New York City, and an estimated overflow crowd of 20,000 Jews protested the British stand on Palestine. Now I ask all Americans of German origin. How many of you would join me, protesting the treatment of the German people by the Allies? An unafraid American of German origin.

Thanking you for your kind attention,

Sincerely, (Miss) TILDE BECK.,

N. Y. Jew Arrests Christian At "Front" Meeting

Ginsberg, Jewish War Vet Head, in Persecution of Christian's Free Speech

NEW YORK (Special), Oct. 8,—Isidore Ginsberg, N. Y. State commander of the Jewish War Veterans, evidently thinks he will make friends for his Jewish compatriots, by personally arresting anyone who speaks disparagingly of the Jewish control of the republic.

On Saturday night there was held in Queens Village a public outdoor meeting of those who believe in re-organizing the "Christian Front" to unite Catholics and Protestants in a common cause to fight Communism, the avowed enemy of Christianity and the American form of government. About 300 attended, despite inclement weather including many hostile "reds".

To this meeting came Ginsberg, the belligerent "kibitzer" or buttinsky of old, to repeat his customary public disturbance. He listened to speeches by chairman, C. Daniel Kurts; Kurt Mertig of the Citizens' Protective League; Fred Kister, chairman of the Christian War Veterans; Ernest F. Elmhurst, author of "The World Hoax" (anti-Communist book) and a victim of the moribund Washington "Moscow" Mass Trial; AND Homer Maertz, editor of the Anti-Communist "Dispatch" and Pioneer News Service of Chicago.

Maertz made a hot speech against the Jewish control of America—("inflamatory," Ginsberg called it), and held up certain books and leaflets on the Jewish question. Maertz stepped down from the platform, with a bagful of literature for sale, but before he could sell any Ginsberg seized him, and called Police Inspector Corell to arrest Maertz.

INSPECTOR OPPOSES GINSBERG

The police Inspector was one of a dozen or more policemen (the red "Post" said there were 100) present to maintain order. He objected orally and strongly. "This is free speech," he said. "I saw no violation of any law."

Ginsberg then said, "I will arrest him myself, as a citizen." The inspector tried to dissuade him. "You have no evidence," he said. "What do you know about this?"

At this point a fellow-Jew joined Ginsberg and identified himself as a "former U. S. attorney" and was able to convince Officer Corell that Ginsberg could make the arrest as a citizen.

Ginsberg then made the arrest. Whereupon Kurt Mertig, also as a citizen, arrested Ginsberg on a disorderly conduct charge.

The magistrate later released Ginsberg on his own recognizance, but held Maertz in jail. On Sunday, before **Magistrate Joseph D. De Andrea**, the Jew preferred charges against Mertig and Ernest F. Elmhurst, who were in court, alleging "unlawful assembly."

De Andrea of the Queens Felony court, Ridgewood, looked over some of the literature and said to Maertz, "You are a dangerous character.. I'll hold you under $6,000 bail, and charge you with 'unlawful assembly', because the literature distributed might cause a breach of the peace."

The judge held Mertig under $2,000 and Elmhurst under $1,000 bail, while Ginsberg was released without bail. It being Sunday, none of the three could contact friends for bail and spent the night in jail, while all day today (Monday) Mertig's attorney, Hon. William Barr, former assistant Queens county attorney, was working on the bail.

N. Y. "MOSCOW" STYLE JAIL

Accused prisoners in N. Y. city jails are held almost incommunicado. None but close relatives may visit them and then only at certain hours; they cannot telephone for bondsmen or lawyers, but may send out messages (?) via jailers.

Indignant citizens talk of **IMPEACHMENT efforts against Magistrate De Andrea** for violating the Constitution's requirement against EXCESSIVE BAIL and for open prejudice against defendants.

Trial (or hearing) of charges was set for October 24, in Special Sessions (which may be without jury!).

Ginsberg did not arrest Chairman Kurts, at this time. He once arrested Kurts (in September, 1941) and had him sent to the county hospital for observation... Mrs. Catherine Brown of Philadelphia (Blue Star Mothers) also spoke at the Saturday night meeting in Queens.

British Told Of Boer War Prison Camp Horrors

OLD RECORDS OF ENGLAND'S METHODS BARED

LONDON,— German concentration camps have a precedent in Britain's operation of 42 camps during the Boer war in South Africa in 1901.

More than 100,000 white persons were imprisoned in unsanitary conditions which resulted in the deaths of more than 20,000. One reason given in the house of commons as justifying the establishment of the Boer camps was that the inmates were refugees who had no place to live because British troops had burned their homes.

An article in a recent issue of the British weekly tabloid, "Peace News," organ of the Peace Pledge union, a pacifist society, said that in condemning all Germans because of the nazi concentration camps and imposing a nonfraternization policy, it should be remembered "that it is not the German people only who stand in need of human and divine mercy."

OLD BOOKS TELL RECORD

"I write these reflections," said the author, George M. L. Davies of the Isle of Anglesea, Wales, "after looking at the books of an old judge who was one of a tiny phalanx of members of parliament which opposed the South African war.

"In one of these, 'The Brunt of the War,' Emily Hobhouse describes, from personal observation and wide documentation, the facts of the British concentration camps. The facts and their moral are stated simply in her preface.

" 'More adult Boers perished in the camps than fell in the field of battle, and over four times as many children . . .To the plain man and woman, outside the political and military worlds it seems as tho an arbitrary line is drawn, one side of which is counted barbarism, the other civilization. May it not be in reality that all war is barbarous, varying only in degree?

"In view of the forthcoming trials of war criminals, one wonders what the judgment of an international court would have been upon the following:

" 'Gen. French and Gen. Pole-Carew are marching in, burning practically everything on the road. The brigade is followed by about 3,500 head of loot—cattle and sheep. Hundreds of tons of corn (wheat) and forage have been destroyed.'

QUOTES MILITARY ORDER

"Or upon the ethics of the following military notice:

" 'Unless the men at present on commando (harassing raids) belonging to the families in Krugersdorp surrender... the whole of their property will be confiscated and their families turned out destitute and homeless.'

"In the formal protest of the Boer government in November, 1901, the facts are summarized as follows:

" 'Such cruelties are almost unbelievable. British mounted troops have not hesitated in driving on foot for miles before their horses old women, little children and mothers with sucklings at their breatss. At least 30,000 dwellings have been burned and destroyed by order of your military authorities. Hardly a single house stands on the whole area of the two republics (Orange Free State and Transval)."

" In October, 1901," said the article which is headlined, 'When Britain Had a Black Record Too,' the rate of mortality in the camps was 344 per thousand (on a monthly basis projected into an annual count) and by 1902 the deaths had reached 20,000.

Dear Sir:

We wish to express our approval of "Father Coughlin" coming back on the air also. And we just can't say too much for your wonderful paper. You will get the money in the future. we are giving the **propaganda** papers now. I am going to tell everybody about you.

Sincerely yours,—P. V.
